**Subject:** Hungary's reflection on not being affected – Olkiluoto nuclear power plant in Finland (Espoo Convention)

***Dear Ms Laura AITALA-MARTESUO,***

Competent authorities of **Hungary have reviewed the Environmental Impact Assessment (hereinafter: EIA) programme to extending the service life of the Olkiluoto 1 and Olkiluoto 2 plant units and uprating their thermal power at the Olkiluoto nuclear power plant in Finland** (hereinafter: Project, as proposed activity).

Following the above and based on the Article 6(1) of the Convention on the Environmental Impact Assessment in a Transboundary Context (the **Espoo Convention**), we hereby inform you that **Hungary (as a potentially concerned country) has no comments to and raises no objections against the Project.**

We would like to once again express our gratitude to You for having provided Hungary the possibility to study the EIA programme of the Project in Hungarian.

Yours sincerely,

**Hunor ORBÁN, Dr**  
**Hungarian Focal Point to the Espoo Convention**
