

▶ Questionnaire

As noted in the introduction to this report, at its 347th Session (March 2023) the ILO Governing Body decided to place on the agenda of the 113th Session (June 2025) of the International Labour Conference a standard-setting item on decent work in the platform economy (double discussion).¹

Governments are requested to provide their views on the form, scope and content of the future standards by responding to this questionnaire, after consultation with the most representative organizations of employers and workers. Reasons should be given for their replies and the organizations consulted should be indicated. Governments are also reminded of the importance of ensuring that all relevant departments or ministries that have oversight or other functions connected to the platform economy are involved in responding to this questionnaire.

In order for the Office to take account of the replies to this questionnaire, governments are requested to submit their replies to the Office no later than 31 August 2024.

The questionnaire includes four possibilities for the type of instrument or instruments that could be adopted: a Convention; a Recommendation; a Convention supplemented by a Recommendation; or a Convention comprising provisions that would be mandatory and provisions that would provide guidance.

The questions are divided into thematic areas. Each thematic area includes both questions related to provisions that could be considered to be mandatory and questions related to provisions that could be considered to provide guidance. The provisions that could be considered mandatory would reflect principles, rights and obligations that are applicable to all digital platform workers as they address core aspects of decent work in the platform economy. The provisions that could be considered to provide guidance would deal with specific details of the implementation of the principles, rights and obligations, or aspects that are either not yet ripe for mandatory norms or more suitably addressed under non-mandatory norms. Governments are therefore invited to comment not only on the content of the possible provisions but also on whether they should be mandatory or provide guidance.

The structure of the questionnaire in no way limits the right of the International Labour Conference to decide on the most appropriate form of the instrument or instruments.

Furthermore, the questionnaire seeks constituents' views on whether the instrument or instruments should include a simplified and accelerated procedure for amending specific provisions in order to ensure their continued relevance in the light of technological, regulatory or operational developments impacting on work on or through digital labour platforms. Should there be support, the Office would prepare, ahead of the first discussion by the Conference, more detailed information on the possible design of an amendment procedure for this purpose.

Respondents are encouraged, where possible, to complete the questionnaire in electronic format and to submit replies to platformeconomy@ilo.org. Respondents may also submit their replies in hard copy to the Conditions of Work and Equality Department (WORKQUALITY) at the International Labour Office in Geneva.

7. Should other considerations be included in the Preamble of the instrument or instruments?

Yes No

Please specify

In the Preamble of the instrument, it is crucial to assess the legal nature of the contract concerning performing work. The Preamble text should address the increasing problems related to disguised employment (bogus self-employment). To prevent disguised employment, the starting point for regulation should be the rebuttable legal presumption of employment relationship.

III. Definitions

8. For the purposes of the instrument or instruments, should the term “digital labour platform” mean a natural or legal person that provides, through digital tools such as a website or an application, a service involving the performance of work by a person for remuneration, irrespective of whether that work is performed online (online digital labour platforms) or in a specific geographic location (location-based digital labour platforms)?

IV. Purpose and scope

14. Should the instrument or instruments apply to:

(a) all digital labour platforms?

Yes No

(b) all digital platform workers?

Yes No

Comments

See points 10 and 13

15. Should the instrument or instruments provide that, where special problems of a substantial nature arise, each Member may, at the time of ratification and following consultation with representative employers' and workers' organizations and, where they exist, organizations representing digital labour platforms and digital platform workers, exclude from the application of all or part of their provisions:

(a) limited categories of digital labour platforms?

Yes No

(b) limited categories of digital platform workers?

Yes No

Comments

Answer to both of points: a) and b) is no.

16. Should the instrument or instruments provide that each Member should take measures to ensure that, in implementing their provisions, digital platform workers in an employment relationship enjoy protection no less favourable than that enjoyed by workers in an employment relationship generally?

Yes No

V. Substantive content of the instrument or instruments

A. Fundamental principles and rights at work

Mandatory

17. Should the instrument or instruments underline that each Member should take measures to ensure that digital platform workers enjoy the fundamental principles and rights at work, namely:

(a) freedom of association and the effective recognition of the right to collective bargaining;

Yes No

(b) the elimination of all forms of forced or compulsory labour;

Yes No

(c) the effective abolition of child labour;

Yes No

(d) the elimination of discrimination in respect of employment and occupation;

Yes No

(e) a safe and healthy working environment?

Yes No

19. Should the instrument or instruments provide that each Member should take appropriate measures to ensure that:
- (a) equipment used to perform work on or through digital labour platforms does not entail dangers for the safety and health of digital platform workers;
 Yes No
 - (b) digital platform workers receive appropriate information and training in occupational safety and health;
 Yes No
 - (c) digital platform workers have the right to remove themselves from a work situation which they believe presents an imminent and serious danger to their life or health;
 Yes No
 - (d) digital platform workers report to a representative of the digital labour platform any situation in which they have reasonable justification to believe it presents an imminent and serious danger to their life or health;
 Yes No
 - (e) adequate personal protective clothing and equipment, which are necessary when hazards cannot be otherwise reasonably prevented or controlled, are provided by the digital labour platform without any cost to the worker?
 Yes No
