Answer to the Notification in accordance with the Espoo Convention concerning a Project plan to assess an additional reactor alternative in the context of constructing a new power plant in Finland by developer Fennovoima Oy

Environmental State Bureau (Bureau), as a competent institution on environmental impact assessment in Latvia, would like to thank you for the notification about the initiation of assessment of an additional reactor alternative in the scope of environmental impact assessment (hereinafter – EIA) procedure for a new power plant in Finland in the municipality of Pyhäjoki.

By this letter Bureau officially acknowledges that we express our willingness to receive further information on this matter and provide our comments on EIA submitted documents.

We also confirm that information about constructing a new power plant in Finland was made publicly available on the website of Bureau (<http://www.vpvb.gov.lv/lv/ivn/parrobezu-ivn>) from 3 October, 2013. No suggestions or opinions were expressed by the members of public up to date.

Sincerely yours,
director

Arnolds Lukševics
