**Participation of Mecklenburg-Vorpommern in the procedure for environmental impact assessment for a new nuclear power plant at Pyhäjoki**

Your Notification of 09.27.2013, your sign YM4/5521/2013

Dear Mrs Rantakallio,

thank you for the notification, that Finland announces the implementation of an environmental impact assessment in respect of a new nuclear power plant at the site of Pyhäjoki. The German Federal Ministry of Environment forwarded the letter at the date of 09.30.2013.

The possibility of participation for the Federal Republic of Germany is opened for the Federal states of Schleswig-Holstein and Mecklenburg-Vorpommern as Baltic Sea riparian.

As already the Federal state of Schleswig-Holstein, I like to announce that the Federal State of Mecklenburg-Vorpommern has also an interest in participating in the Environmental Impact Assessment (EIA) of the project.

Please excuse the delay in message.

Yours sincerely,  
in order

  
Gudrun Beneicke
