# Talent Tampere

Linking Bright Business with Internationals

@TalentTampere

TALENT TAMPERE

**Talent Tampere:** *Talent Tampere Network: a bridge between international talents and companies in the Tampere region. Talent Tampere creates links between employers and international talents and make the existing services in the field more reachable. Under its wings it gathers the services that further the internationalization of companies in the Tampere Region and makes the region more desirable for an international talent to live and work in. Talent Tampere is coordinated by Business Tampere.*

**Tampere Ambassadors:** *The Tampere Ambassador network gathers together internationally and business oriented people from the Tampere Region who share the main goal in promoting Tampere as an attractive destination for investors, talents and tourists. The network is open for everyone who feels love for Tampere and wants to create awareness of Tampere Region internationally. Anyone with a global mind-set can become a Tampere Ambassador and promote the region.*

@TribeTampere

TRIBE Tampere

**TRIBE:** *Tribe Tampere is an open community and consists of people dedicated to serve the startup and entrepreneurial ecosystem in Tampere. Tribe operates as a platform. It means creation of value to organizations and individuals by making it easier for them to connect each other in a meaningful way. One way of saying it is it empowers those who try to help others achieve their dreams.*

**TWINKLE:** *TWINKLE started as a movement to inspire bright people and bright businesses to interact. The aim is to support Finland's role as a global business player by discovering the potential of diversity for empowerment, growth and innovation.*

**TWINKLE**  
Bright People, Bright Business

@TkuSciencePark

Turku Science Park

**SparkUp:** *SparkUp is a startup community where Turku Science Park Ltd, student based entrepreneurship society Boost Turku and Creative Venture Creve have brought together their know-how and services for startups and entrepreneur-minded persons in Turku region. SparkUp is facilitated by Turku Science Park Ltd. Our idea is to provide a path from idea to teaming up, starting a business, and growing internationally – so if you are just dreaming big, have a startup or an established company (new or old) we are there for you! We want to offer you a community space where ideas and people can get together and networking is easy.*

**Sino-Talent Finland:** *Sino-Talent Finland (STF) was established in 2016. Our target group are mainly highly-educated Chinese-speaking students and professionals living in Finland and Finnish companies who needs Chinese-speaking talents. We apply ourselves to boosting the employment of Chinese-speaking talent in Finland by organizing events/seminars/workshops and company visit tour, digging out more job opportunities from Finnish companies for their business purpose, and facilitating professional training together with business partners.*

SINO-TALENT FINLAND

International Professionals in  
Finland Onnivators ry

**Onnivators ry:** *Onnivators ry is a Finland-based forum for private companies, associations, public sector organizations, and professionals of all nationalities, who share an interest in attracting and retaining international talent in the Finnish ecosystem. Their mission is to create a community that works together to nurture mutual growth and wellbeing, foster economic sustainability, and cultivate an inclusive and integrated living and working environment. Onnivators organizes knowledge-sharing workshops, lectures and site visits creates and supports platforms for sharing employment opportunities and expanding professionally relevant networks.*

**VTT:** VTT's Immigrants and the Innovation Economy (IMMI), aims to clarify good foreign practice models which could be integrated into the Finnish innovation economy - with the focus on internationalizing. The project started in the beginning of the year 2017, and will soon close. The aim was to find and specify better ways for Finnish companies to benefit from international talents and their knowhow. The project was co-organized by VTT and a specialist from the University of Tampere.

 Russian-speaking Talent Pool in Finland

 @theshortcutorg

 The Shortcut

**The Shortcut:** *The Shortcut encourages more people from diverse backgrounds to consider crating or working for a startup to best utilize their skills and aspirations.*

*We inspire and empower our community through gatherings, workshops, trainings and programmes that help them explore ideas, share knowledge and develop skills to enable new talents required in **the startup life**. The main criterion for participating is **ATTITUDE**. The Shortcut is a non-profit organization owned by Startup Foundation, and a sister organization to Slush and Startup Sauna.*

**Volunteer Finland:** *Volunteer Finland is a community hub and service provider for all kinds of volunteer activities. For talents, volunteering is an opportunity to showcase skills and personal qualities, and job-seeking is supported through networking, on-the-job skills improvement, and local references.*

*Volunteer Finland also offers services for consistent, quality volunteer training and management.*
