## **Espoo Convention notification regarding extension of lifetime of Loviisa nuclear power plant**

In reference to your e-mail of 27<sup>th</sup> of August, regarding notification for the lifetime extension of Loviisa nuclear power plant.

The Norwegian Environment Agency, as point of contact for the Espoo Convention, has consulted relevant authorities regarding the notification. Norway has no comments to the notification. We would, however, like to be part of the coming EIA process.

Best regards
