Aihe: Danish consultation response regarding the EIA for Loviisa nuclear power plant's lifetime extension in Finland (MST Id nr.: 4151692)

Dear Seija,

First of all Denmark would like to thank you for the possibility to participate in the consultation regarding the EIA for Loviisa nuclear power plant's lifetime extension in Finland.

Neither the Danish Authorities, the public or Danish organizations have had specific comments to the EIA.

However the Danish Emergency Management Agency still wish to be included and kept informed of the further process regarding this project.

Best regards
